

Dear Exhibitors,

soon it will be time to hoist the sails again for the summer Nordstil 2023. We look forward to welcome you again to the Hamburg trade fair grounds. In order to make your trade fair appearance a complete success, we are providing you with the most important information about services and deadlines today:

Free vouchers: Invite your customers to Nordstil Summer 2023

We would like to support your marketing activities. Therefore, we offer you an unlimited, free contingent of vouchers to invite your customers to Hamburg. You can access the vouchers here: [Ticket Services for Exhibitors - Messe Frankfurt](#) .

Shop for exhibitor services – early booking pays off!

There are order deadlines for some services in our [Shop for Exhibitor Services](#). Please note that services of the Hamburger Messe Center must be booked up to four weeks before the event. An express surcharge of 20 percent will apply from 22 June 2023. There are also order deadlines with our stand building company Lüco. Orders for wall cladding will be subject to a 20 percent surcharge from 15 June 2023 and all additional orders from 23 June 2023 onwards. Parking tickets can be ordered via the [shop](#) from 31 May 2023.

Tips for the trade fair preparation

Everything you need to know about your trade fair preparations, such as important deadlines, the traffic guide, the A-Z and the technical guidelines, can be found at our [Homepage](#) .

Reminder TopFair Magazin

You can check and update your exhibitor data for the TopFair Magazin via the [Media Package Manager \(MPM\)](#) until 02 June 2023. [Joint stand exhibitors](#) should register by 26 May 2023.

Important information on waste management

Together we can reduce the amount of waste. As an exhibitor, you are responsible for your own waste disposal. Any waste generated must be disposed of at your own responsibility and at your own expense. Please note that waste deposited in front of the stands will be disposed of at a charge before, during and after the event. An increased fee, depending on the type of waste, will be charged per cubic meter or part thereof for recyclable/raw materials that have not been registered and/or remain in the hall after you have left your stand. The disposal of hazardous waste will be charged at cost.

The disposal of the protective foil of your carpet is not included in the price. Please order waste bags, lightweight packaging (Green Dot) in the [Shop for Exhibitor Services](#). In case you order the waste bags, the disposal is included and free of charge.

If you do not order waste bags, you will have to take care of the disposal yourself, as the local service manager consistently documents and allocates any waste that has been left. For each cubic meter or part thereof, the charge is €208.78 (surcharge depending on the type of waste). All information on waste disposal can be found in the [Shop for Exhibitor Services](#).

Evening relaxation

From 1 May 2023 the water & light concerts will once again take place in the evenings on the [Parksee in Pflanzen un Blumen](#). The colourful, elaborately arranged artworks of music, light and water are staged from May to the end of September. From May to the end of August, the waterworks begin at 10 pm. Don't miss it - admission is free and no registration is required.

We wish you a smooth preparation of your trade fair appearance,

With best regards

Your Jeanette Schmitt
